Edward Moreno

PHP Programmer - Front-end Developer & Creative Designer

www.mondositi.com

About me

In front of a computer since 1999

I am a web developer with many **years' experience** *and proven competency in* **PHP (LAMP)developing** *(procedural or object oriented). I enjoy also web designing and cleaning and validated coding in* **HTML5 and CSS3 (responsive layout)**, *being creative and passionate in* **graphics** *(vector and bitmap graphics) and, either way, everything regarding* **technology**.

I also founded and ran a **web services business** *for five years in Italy where I had the opportunity to practice by taking responsibilities of developing projects from the* **initial planning**, *concept, PSD/AI design, coding, scripting and programming into a CMS or web based application* **until final publication.**
